# BRITISH ARMY NEED NOT BE LARGE FORCE

## War Secretary Announces Change Involving Terri- torial Troops

LONDON, Oct. 21.—War Secretary Hore-Belisha last night announced concentration of a single authority of various sections of the territorial army.

Up to now a number of war office departments have had a hand in the administration of this force.

Hore-Belisha revealed the change in an address before a banquet of Territorial of the City of London. He accompanied General Sir Walter Kirke, director-general of the Territorial Army, but he named a member of the army council and his powers considerably increased.

### CAN SAY SMALL

The British army can remain small, the war secretary said, only as long as the army is able to reach the United Kingdom.

3.—Britain has to have its regular reserves of soldiers, sailors and airmen who, while carrying on their normal occupations, are themselves proficient for an emergency.

### THOSE DAYS GONE

Lord Lloyd, Conservative president of the Navy League, said in an institution of compulsory military service in Great Britain. Expressing the desire to see the army armed and armored against the present world situation, he declared—

"The days of small and actual disarmament are gone. We are facing realities today. The Secretary of State for War has said what he could for the voluntary system, and we must realize that things have been accomplished under it, but times have changed."

"We should prepare and, democratically enough, every young man who be prince or pauper, should play his part and learn that the most splendid of all accomplishments is to learn to defend his country."

## MONARCHS TOUR IN PRECAUTION AREA IN LEEDS

LEEDS, Oct. 21.—The King and Queen yesterday toured the Leeds area road precautions centre as they continued their three-day visit to Yorkshire.

The Earl of Harrowood and Alan Lancelotti, the King's assistant private secretary, accompanied the monarchs for a few minutes at the King's request.

Their Majesties received an ovation from 150,000 people when they appeared on the balcony of the Leeds town hall.

After their visit here, Their Majesties returned to Harrowood House, home of the Earl of Harrowood and his wife, the Princess Royal.

During the morning an estimated 100,000 factory workers marched in the streets of Bradford as the King and Queen drove through that centre of the woolen industry. They also visited Halifax.

## JAPANESE HAVE TERROR OF SPIES SAYS BANFF MAN

BANFF, Oct. 21.—War games are the delight of Japanese children today as their fathers and brothers battle in China reported Harold S. Robinson, of Banff, who has returned to home here from Canton.

Telling of a brief visit to Japan, Robinson, an exchange medical student at Loughlin University, Canada, said most of the Japanese children were dressed in military uniforms.

"Young Robinson, son of Dr. J. Dean Robinson, of Banff, was in Canton September 22 during a six-hour bombardment."

"Spies were very numerous," he said. "All lights in the University had to be out at 7:30 p.m. Even the striking of a match, or a lighted cigarette was sufficient to draw an accusation of spy and house arrest followed."

Canton was overrun with spies and many were captured, he said.

A new kind of car, as transparent as glass, is now being made.

## European Housing Plans Impress S. J. Hungerford

Special to The Bulletin

LONDON, Oct. 21.—"Everywhere I went I found strongly expressed a desire for good European housing," said S. J. Hungerford, chairman and president of the Canadian National Railways said on his return to London today from a visit to the company's offices in London and to Germany, Germany, The Netherlands and Belgium.

Mr. Hungerford was impressed with the widespread housing movement, designed to improve living conditions of industrial workers in the large centres of population.

In Paris the railway president called on the Canadian minister, the general manager of the newly consolidated French railway system, the Canadian trade commissioner and executive of the French line.

He interviewed State Secretary Kleinmann of the department of transport and the German state railways at Berlin and travelled to Hamburg on the flying Hamburger, one of the fastest trains in Europe.

In that city he held conferences with the executive and officers of the Hamburg-American line and at Bremen with the officials of the North German Lloyd. Mr. Hungerford was the guest of honor at a dinner given by the Anglo-German Society at the Bremen Club and attended by leading business men of Bremen.

## According To Culbertson

Mr. Culbertson is conducting, through this column, a national bridge tourney. He asks you to rate yourself by abstracting from his points for each wrong answer.

By ELY CULBERTSON

Question 12 in the National Self-Improvement Examination appeared last Thursday. It was:

Question 12: You are West, dealer. You have a trump contract in rubber bridge.

Your hand and dummy are as follows:

WEST EAST (Dummy)

♠ A Q 4 ♠ 5 3 2

♥ A J 3 2 ♥ K Q 10 5 4

♣ A 2 ♣ K Q 10 5 4

North opened the seven of spades. South played the king. How do you play the hand?

Answer: With the first trick. Lead the club nine and PASS IT. You do not need six club tricks to fulfill your contract. Five will be enough. By passing one club you maintain communication with the dummy and virtually assure yourself of five club tricks. If you put up use of dummy's high honors on your first club lead you will make only three club tricks if one of the defenders originally held J x x.

Two points deduct for any other line of play.

Question 13: Both sides vulnerable. You are South. Your partner dealt and bid one spade. Second hand passed. Your holding is:

♠ Q 5 4 ♠ K 7 5 3 ♠ 7 5 3 2

What call do you make, and why?

Question 14: Both sides vulnerable. Your partner dealt and bid one spade. Next hand overruled with one no trump. Your holding is:

♠ Q 7 5 4 ♠ K 7 5 3 2 ♠ 7 5 3 2

What call do you make?

Answer: Pass. You have a match point duplicate. Both sides vulnerable.

## LEGHORN LAYS 575TH EGG TO KEEP RECORD

NEW YORK, Oct. 21.—Miss America 1938 laid another egg today and that makes 575 all told, which is quite a record.

The snappy and chic (K), first lady of the poultry pens, has been the United States' first hen for nearly a year, by courtesy of the Poultry Industries Exposition which will choose some other young chicken most likely during the first week of November.

Out at Pleasant Valley, N.Y., Fred Ruebel will tell you Miss America 1938 is noteworthy for "health, beauty, pedigree and egg production." That's why the lady is a champ.

One year she laid 327 eggs. Of late Ruebel has taken cognizance of her lady's breeding qualities. He has 11 of her pullets under the trap, as poultry men say.

Miss America 1938 now in her third year as a contributor to the nation's egg basket, is a Leghorn.

## Threshing Outfits Busy At Wetaskiwin

Special to The Bulletin

WETASKIWIN, Oct. 21.—Threshing outfits are again busy and are grinding dry Wednesday. About 80 per cent of the acreage remains to be threshed. Wheat has been grading No. 3 southern and oats mostly grading feed, but make up in quantity for what they lack in quality.

In Africa, there are species of flowers which, until they bloom, look exactly like stones.

## Drowned When German Ship Crashes

LONDON, Oct. 21.—Dispatches from Amsterdam last night reported seven persons were drowned when two German ships collided in a dense fog 13 miles off the mouth of the North Sea canal on the north Netherlands coast.

The 940-ton Westphalia and the 840-ton steamship Schwalbe were involved in the accident. The victims were from the Westphalia which sank.

## PENSIONED OFF A FIT MAN

Rigours of Police Life Did Not Harm Him

At 80 years of age he was pensioned off to be beyond the arduous demands of police duties. But was he? Read what he says now—five years after he was pensioned—

"I am a man of 55 years. I am now five years since I was pensioned off from the Police. I went through thick and thin, day and night in all weathers, while I was on the force, and as today as far as any man still serving on the force. People often ask me 'How do you keep so young?' and my answer is 'Kruschen Salts.' I have used Kruschen for five or ten years, and I will certainly use these salts for the rest of my days."

The numerous salts in Kruschen provide just that gentle daily aid to your internal organs require to enable them to perform their work properly. Kruschen vital salts keep your liver and kidneys in top-notch efficiency, so that they help to free your system of poisonous waste matter. The result is a feeling of youthful health and vigour—what Kruschen feeling!

The Herald expressed the opinion that two interpretations could be played on Italy's decision. Either that Premier Mussolini was impressed by French firmness and British support for France, or that the Italian stand was "purely strategic" to prevent the opening of the French frontier to the movement of arms and men to the Spanish government.

The Mail said: "This gesture by Italy will be watched throughout the world. It clears the air and raises hopes of settlement of what appeared to be an insoluble problem."

VANCOUVER, Oct. 21.—Eddie Wanstob of Viking, Alta., punched out a unanimous 12-round decision over Bonny Burton of Victoria here last night to win the Western Canada light heavyweight professional boxing title.

The Western Boxing Federation and the Vancouver Boxing Commission approved the bout as for the western crown, but Frank Hogan, Montreal, president of both the Canadian Boxing and Wrestling Federation and the National Boxing Association, said neither of those bodies would recognize the winner as Canadian champion.

## New Amerk Troop Promises To Give Increased Power

Chapman-Carr-Schriner Line to Remain Intact—Stewart, Lamb and Shill Form the Second Line

CALGARY, Oct. 21.—With his players rounding rapidly into shape, Manager Red Dutton Wednesday named the players who likely will form the regular team New York Americans will use in the National Hockey League warfare this season.

Two forward lines and one regular defence combination have been definitely formed and there is little speculation about the other spots.

Heading the outfit will be the same line of first stringers used by the Amerks for the last two winters. Art Chapman, Lenore Carr and Sweeney Schriner. Nets Stewart will act as pivot for the net, stringing up Joe Lamb and Jack Shill on the wings.

Charlie Mason has the inside track in the race for the left wing job with Tommy Anderson and Eddie Wiseman, but he will have to fight off Lloyd "Dede" Klein and Doug French.

WILL SEASON TIGHT French, a diminutive Calgary amateur, caught the attention of the club during the hockey school and named in the regular game last Sunday. Likely he will be left under Roni Helmer's guidance here along with his inexperience, will be Lenore and Les Thirlwell who can take on more weight. There is a chance the line may be taken into professional company next year.

In Clarence "Happy" Day and Johnny Gallagher, Dutton thinks he has a defence combination that will match any in the N.H.L.

FELIANS FAVORED Joe Jerswa and Al Murray may form the other rearward combination but there is still a possibility one of them may be dropped in favor of Will Fields, the former Winnipeg amateur who was with New Haven Eagles in the International-American League last year.

"Happy" Jerswa will attend to the utility chores.

Members of the team's collapse last winter which was partly due to an injury suffered by Roy Worters, chance will be taken in the fall this year. Earl Robertson has been named to be taken in the place while Alfie Moore will be carried as a substitute. Worters has retired.

## ZEKE BONURA SOUNDS OFF TON.Y. YANKS

Detroit and Chicago To Be Watched — Cleveland Also Considered

NEW ORLEANS, Oct. 21.—Those New York Yankees west must make the American League next season as easily as they did the past two seasons if Big Zeke Bonura knows what he's talking about.

"We ain't," said Zeke, who does considerable first-baiting for Chicago's White Sox. "You can look for Detroit, Chicago and Cleveland to give the Yankees a tough fight next season."

PLENTY OF POWER "The Tigers have plenty of power with Vic, Greenberg and Gehrig. If they get the pitching they'll be tough for everybody. I look for Rowe to be back and they also have Bridges, Lawson and Auker."

"Cleveland," said the big fellow, "it had tough luck with Feller and Allen early in the season. You saw the way Allen came back after he recovered from his operation. He won't be pitched. It was a break for us to have him lose that one, for it clinched third place for the Sox."

That brought the hard-bitting first-sacker around to his favorite subject.

NEED HOT-SPOTTER "What our ball club needs badly is a third-sacker," Zeke said. "Jimmy Dykes tried a couple of

young fellows this season, but they wouldn't do. Bone Berger is as good a fielder as he ever was, but he can't hit curve balls. We're hoping that Martin, whom the Sox got from the Giants, will solve the problem. We are looking for

Thomas of the Pacific Coast League to help us in the outfield."

Zeke said, "No, sir, those Yankees won't be hot. We beat them three times out of four. They weren't so hot."

## FRENCH-AMERK CYCLISTS LEAD

•TORONTO, Oct. 21.—Jimmy Wall, hour and Laurant Gidon, moved into unchallenged position of first place in Toronto's six-day bicycle race as the field passed the 72nd hour at midnight.

The cycling Poles from Victoria, Torchy and Doug, tied with Gidon and Wall, though throughout the race, dropped back to third position, behind the Canadian-Swedish entry of Albert Peters and Fredrick Zee.

Tom Saitta, veteran of the six-day tracks, dropped out of the race when he became exhausted during the night. Cocky O'Brien, without a partner, saw Jackie Sheehan, was forced to withdraw because of illness yesterday, teamed up with Remigio Savadera, Saitta's former partner.
